

## Alt-text Samples

Figure 40.1

**Alt-text:** A bar chart showing that 23% of the residential facilities have 7–29 residents, 18% have 30–50 residents, 28% have 51–100 residents, 26% have 101–200 residents, and 5% have over 201 residents.

(Heng-hao Chang and Yi-Chun Chou in *Research Handbook on Disability Policy*, 2023)

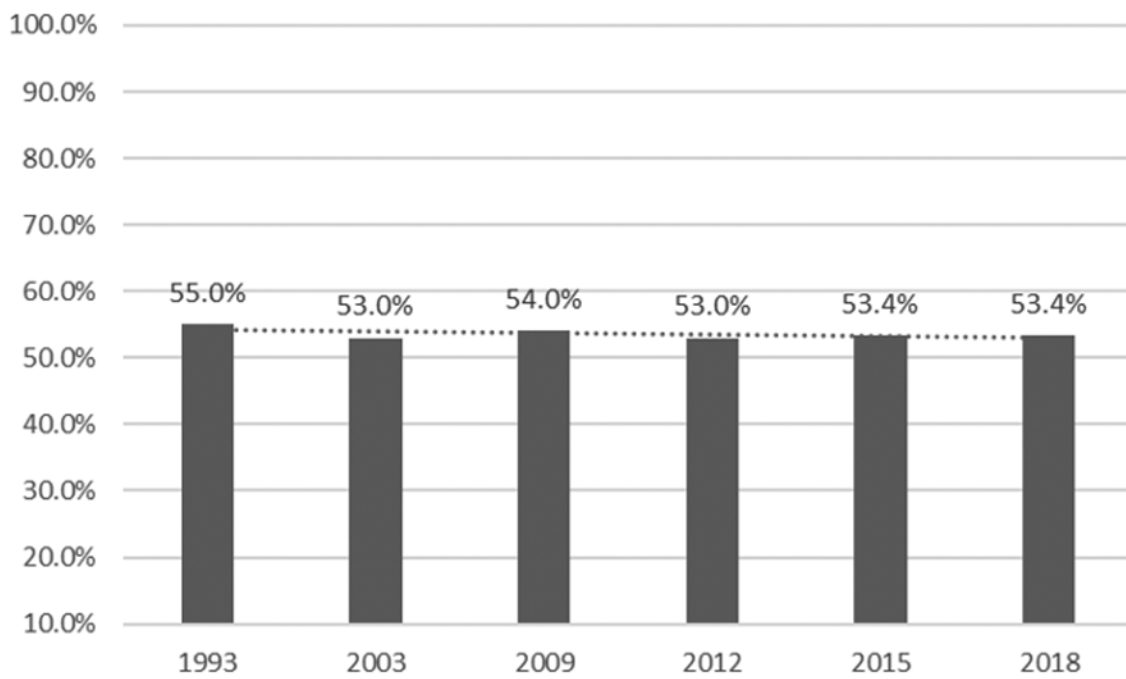

Figure 45.1

**Alt-text:** Historical uncoloured photograph of stone buildings, covered walkways and landscaped gardens, placed in a symmetrical pattern.

(Jennifer Smith-Merry in *Research Handbook on Disability Policy*, 2023)

**Figure 61.2**

**Alt-text:** A bar chart showing the slight downward trajectory of labour force participation of Australians aged 15–64 years with disability from 1993 to 2018. The ABS data included in the chart is 1993 55 per cent, 2003 53 per cent, 2009 54 per cent, 2012 53 per cent, 2015 53.4 per cent, and 2018 53.4 per cent.

(Sue Olney and Alexandra Devine in *Research Handbook on Disability Policy*, 2023)
