This Research Handbook provides a comprehensive and detailed exploration of this question: What do entrepreneurs do? The book offers three perspectives (behaviour, practice, process) on this question, demonstrates specific methods for answering the question (ethnography, autoethnography, participant observation, diaries, social media platforms and multilevel research techniques) and provides insights into the implications of pursuing this question as it pertains to: the timing and relationality of entrepreneurial activities, the influence of socially situated cognitions, the effect of team membership, and the challenges of pursuing a behaviourally oriented entrepreneurship pedagogy.
