

International Human Rights Law and Diplomacy

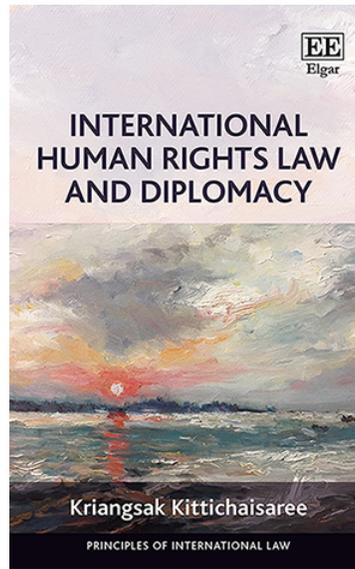

Principles of international law series

Kriangsak Kittichaisaree, Judge of the International Tribunal for the Law of the Sea, former Ambassador and sometime Visiting Fellow at the University of Oxford, UK

This incisive book provides an unparalleled insight into the ways in which international human rights law functions in a real world context across cultural, religious and geopolitical divides. Written by a professor, former ambassador and international judge, the book demonstrates how power, diplomacy, tactics and processes operate within the human rights system from the perspective of a non-Western insider with more than three decades' experience in the field.

'The West has long dominated the development and enforcement of human rights law and the practice of human rights diplomacy. Kriangsak Kittichaisaree applies his deep and broad experience in the field to provide an eminently readable and essential piece of the global puzzle: an exposition of the history and present-day practice of human rights, as well as the challenges of tomorrow, from a wider perspective.'

– Gabor Rona, Columbia Law School and Cardozo School of Law, US, and former International Legal Director, Human Rights First
