Sustainable Consumption, Production and Supply Chain Management

Advancing Sustainable Economic Systems

New Horizons in Operations and Supply Chain Management series

Paul Nieuwenhuis, formerly Co-Director, Centre for Automotive Industry Research and Electric Vehicle Centre of Excellence, Cardiff University, Daniel Newman, Senior Lecturer, Cardiff Law School, Cardiff University and Anne Touboulic, Associate Professor in Operations Management, Nottingham University Business School, University of Nottingham, UK

This incisive book integrates the academic fields of sustainable consumption and production (SCP) and sustainable supply chain management (SSCM) as a framework for challenging the current economic paradigm and addressing the significant ecological and environmental problems faced by the contemporary business world.
