'This outstanding book examines whether and how the finance-led growth model can be transformed. The authors' insightful analyses make significant contributions to our understanding of the global economic crisis since 2008 and the search for possible new paths beyond the crisis.'

– Stein Kuhnle, University of Bergen, Norway and Hertie School of Governance, Germany

'This book sheds a powerful light on the current uncertainty of the world economy. Indispensable reading for understanding the roots of the crisis and the possible ways out.'
