

## Handbook on China and Globalization

Handbooks of Research on Contemporary China series

Edited by Huiyao Wang, President and Lu Miao, Vice President, Center for China and Globalization, Beijing, China

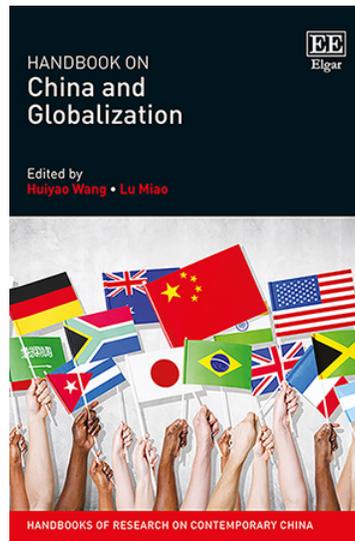

An excellent guide for understanding the trends, challenges and opportunities facing China through globalization, this Handbook answers the pertinent questions regarding the globalization process and China's influence on the world.

'Handbook on China and Globalization is not only an excellent reference for students, professors and researchers, but also a great practical guide on commercial issues for entrepreneurs, investors, and officials. The diverse perspectives put forward in different chapters offer new ways to understand Chinese globalization, innovation, and international influence.'

– Long Yongtu, Former Vice Minister of Commerce, China

'Handbook on China and Globalization is an excellent gateway for those wanting to explore key issues related to new modes of globalization in the 21st century. China has been one of the pivotal drivers of this new globalization process. China's transformation into a trading powerhouse has helped to create a burgeoning middle class at home while boosting development in other emerging economies by spurring the integration of global markets and value chains. This Handbook provides an excellent overview of this historic transformation and its implications for China and the world.'

– Liu Hong, Nanyang Technological University, China
