

Geographies of Maritime Transport

Transport, Mobilities and Spatial Change

Edited by Gordon Wilmsmeier, Kühne Professorial Chair in Logistics, Universidad de los Andes, Colombia and Jason Monios, Associate Professor in Maritime Logistics, Kedge Business School, France

This multidisciplinary book delivers a unique collection of well-considered, empirically rich and critical contributions on maritime transport geographies. It covers a wide range of markets and territories as well as institutional, environmental and future issues.

'This prodigious work provides a comprehensive overview of issues in maritime transport from a uniquely geographical perspective. In so doing, it brings together an eclectic assortment of insightful, interesting and, sometimes controversial, contributions from some of the world's leading maritime academics.'

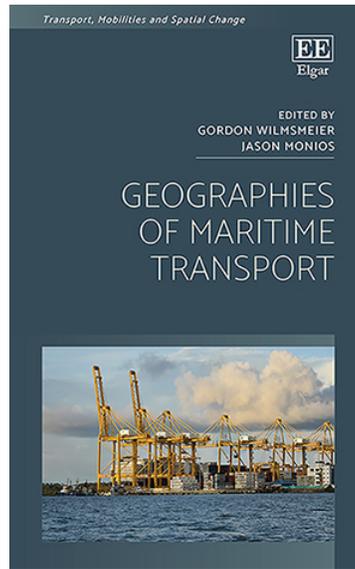

– Kevin Cullinane, University of Gothenburg, Sweden

If you want an overview of maritime transport and its geographies, this is the book to read. It draws on the experience of a large number of authors to provide wide-ranging coverage of an extensive range of issues. Wilmsmeier and Monios have brought together a noteworthy collection in these pages.'

– Jon Shaw, University of Plymouth, UK

'Wilmsmeier and Monios have assembled a comprehensive investigation by the world's leading researchers into the many facets of maritime transport geographies. The 20 chapters provide excellent coverage of and insightful commentary on both traditional and emerging issues. This well-crafted book will be of interest to policy-makers, scholars and students.'

– Mary R. Brooks, Professor Emerita, Dalhousie University, Canada
