

World Statistics on Mining and Utilities 2020

United Nations Industrial Development Organization,
Vienna, Austria

World Statistics on Mining and Utilities 2020 provides a unique biennial overview of the role of mining and utility activities in the world economy. This extensive resource from UNIDO provides detailed time series data on the level, structure and growth of international mining and utility activities by country and sector. Country level data is clearly presented on the number of establishments, employment and output of activities such as coal, iron ore and crude petroleum mining as well as the production and supply of electricity, natural gas and water.
