

The Commercialization of Pharmaceutical Patents in China

Asian Commercial, Financial and Economic Law and
Policy series

James Hou, China Intellectual Property Information and
Consulting Co. (CIPIIC)

Presenting detailed analysis of the industrialization of
pharmaceutical patents in China, this timely book explores
a range of related topics including a comparison of the ideal
and existing state of the pharmaceutical market and
patent industrialization. It argues that the core purpose of
the industrialization of pharmaceutical patents is to
promote the development of the local pharmaceutical
industry whilst also protecting society's right to safe and
effective medication.
